

Balmoral State High School

This year has been my first experience of school chaplaincy, and it has been amazing! At Balmoral State High School, we have been serving about 900 pancakes each week! That's roughly 10,000 per term! Every week students have a safe place when they arrive at school where they are welcomed with a smile and receive a free breakfast, which in some situations is much needed. We have multiple breakfast clubs each week which help ensure students are ready for learning in more ways than one.

Recently, I also got the opportunity to work with the sports department and helped coach the rugby team for Year 9. I also got to be a part of Mental Health Week and provide support and connections for that. All of these opportunities have really helped me build relationships with students and staff. So thank you for your support! It means the world and I can't wait to see where God takes chaplaincy at Balmoral State High School.

Mayfield State School

A recent highlight has been our Chappy Disco! Chappy Discos are a great opportunity for the school community to come together and enjoy a night out. A highlight from our last Chappy Disco was the number of students and parents who came along to help make the night so much fun. Chappy Discos are planned and facilitated with lots of input from Mayfield students and it was lovely to see everyone working together to serve the school community. Some Living church volunteers were also on hand to make it a great night.

Please continue to pray that we can grow the links between parents in the school so that it can be a supportive community that cares for each other. People naturally want to help but sometimes the busy lives we live make it hard to be connected and notice when people are in need.

Carina State School

I have been continuing to run the Rock & Water program and social skills activities with the whole year 4 cohort. Teachers have been very appreciative of the time I have been spending with them and the relationships that are being built between classmates. They have also started doing music afternoons and utilising the teachers' skills and abilities around music (which I get to have a small part in).

We also got a new toaster for the breakfast club. It is a restaurant style conveyor belt toaster and, oh my gosh, is it amazing! It is so much faster than my old toasters. And the even better part, we got it for FREE!! I had been joking for the last couple of years about how much I wanted one of these toasters but could never justify the cost of one and now here we are. Please pray for our school as our current principal is finishing up and the school transitions to a new principal.

Camp Hill State Infants & Primary School

Term 3 saw a great result with our annual Spell-a-thon, raising over \$11,000 for our chaplaincy program. This whole school event generates lots of excitement. The Spell-a-thon pizza parties are one of the many highlights of my term as I kind of get to feel like Santa for a little while. I was seriously impressed with the amount of pizza

these little bodies could inhale, they really put it away!

Prayers are appreciated as I continue to build upon existing programs and see what new ventures are in store for 2025.

Cavendish Road State High School

Recently we've seen big changes with the chaplaincy program at Cavendish Road, but we were so grateful that Jules Neri was able to return for 1 day a week throughout Term 2 & 3. After nearly 16 years of chaplaincy, Jules has finished up and she will certainly be missed! Please be praying as we work with the school to figure out what chaplaincy looks like there moving forward.

Thank You!

Thank you for all your support and prayers! We pray we may be faithful in supporting young people in our schools and displaying God's love and life in all we do.
